## "CALLED BACK."

General Grant Declares that He Would not Accept a Pension and the Bill is Withdrawn.

The New Treaty With Spain—Two Well known Firms File Assignments.

The Closing Scenes of the Great Plenary Council—Items of General News.

Congressional.

WASHINGTON, Dec. 8.—The chair laid before the senate a letter from the postmaster general recommending a large clerical force at post offices. When the chair laid before the senate the naval appropriation bill recently passed by the house, Hale explained that it was a mere renewal for the coming half year of limping appropriation made last year. He thought the senate should take up and refer to a new conference committee the regular appropriation bill which was the subject of conference at the close of the last session especially as that bill contained important provisions relating to the new ships.

Mitchell read a letter from Gen. Grant relating to the bill recently introduced to give him a pension. Gen. Grant expressed the hope that the bill be withdrawn as under no circumstances should he accept a pension, even if the bill passed both houses and received the approval of the president. Mitchell stated he had introduced the bill because he was chairman of the committee on pensions and the president recommended a pension for General Grant. He (Mitchell) had always felt that General Grant ought to be placed where he was when he accepted the presidency. He laid down the great office he won in war. In deference to General Grant's wishes Mitchell withdrew his bill.

THE HOUSE.

Keller, of the committee on appropriations, reported the Military Academy bill. Referred to the committee of the whole.

The speaker laid before the house a letter from the postmaster general asking for the appropriation of \$100,000 for railroad postal car service for the remainder of the current fiscal year. Referred.

Bills were introduced and referred, as follows:

By Townsend, proposing a constitutional amendment providing that treaties shall be made by and with the consent of the house as well as the senate.

By Moulton, to amend the act making a loan to aid the World's Industrial and Cotton Centennial exposition. It directed the secretary to demand from the president and treasurer of the World's Industrial and Cotton Centennial exposition a bond with good and solvent security of double the amount for the return of the loan made by the United States, and in case such bond be not forthcoming before the opening of the exposition he is directed to take possession of the entrance to the exposition grounds and appoint bonded officers of customs for the purpose of collecting the entrance money paid for admission, to be applied as a sinking fund for the liquidation of said loan.

The Treaty With Spain.

NEW YORK, Dec. 8.—The Times this morning publishes a copy of the treaty with Spain, which it obtained from Madrid. The terms are more favorable to this country than was supposed at yesterday's meeting of the cigar-makers. The following are the principal articles of the products of both countries which will be affected. The products of the provinces of Cuba and Porto Rico to be admitted to this country free from duty are as follows: Horses, cocoas, coffee, fish, fresh fruits, cotton, hemp, flax, hides and skins (undressed), alkaline and mineral dyes, palm oils, sugars not above No. 16 Dutch standard in color, leaves of crystallized syrup of the sugar cane, Melado molasses, seeds, woods, cast iron, eggs, honey, wax, sponges, bones, guano manure, cocoas, caparis, horse-hair brushes, osiers, straw, coils of gold or silver. Subject to duty, cigars, cigarettes, Begueros, \$1.25 per pound (12) per cent ad valorem; tobacco leaves requiring more than 100 to the pound, if having stems, 37 cents per pound, without stems 50 cents; other tobaccos in leaves having stems 17 1/2 cents per pound; tobacco manufactured of every kind; tobacco without stems 20 cents per pound; stuff powdered tobacco, 25 cents per pound, new manufactured, 75 per cent. ad valorem articles.

The products of the United States which shall be admitted into Cuba exempt from duty are: Rice, fresh meats, bacon, fruits, fish, shell fish, grain and other cereals excepting rice, wheat, flour of cereals other than rice and wheat, lard, swine, beef, cheese, eggs and bread, woods of all kinds, cattle, sheep and goats, hogs, stone and earthenware employed in construction and in the arts and industries, clay tiles, bricks and tiles unglazed, hides and animal skins, minerals or metals, coins of silver and gold, useful tools, agricultural implements and various other iron and metallic articles with a long list of products.

The Rate War.  
NEW YORK, Dec. 8.—Under the lead

of the New York Central railroad company the railroads began the issue of continuous trip tickets only to the west. This in one sense is a blow aimed at the ticket brokers as it prevents the "seething" process by not allowing passengers to stop over and obtain the rebate. In another way it is thought to indicate a possibility of an agreement between the different roads ultimately leading to a restoration of rates to a paying basis. Tickets to Buffalo cannot be purchased now for less than \$4.40 anywhere.

Business.

RACINE, Wis., Dec. 8.—The J. I. Case Plow company filed an assignment this morning to Charles H. Lee. No preferences were made. Liabilities estimated at about \$750,000 to \$800,000. Assets about \$608,000.

NEW YORK, Dec. 8.—George Opydyke & Co., bankers and brokers, have notified the stock exchange of their suspension. They are one of the best known firms in this city.

Out on Parade.

WASHINGTON, Dec. 8.—Secretary Teller, Postmaster General Hutton left this morning with their families in a special car by the Atlantic Coast line for New Orleans to attend the World's Exposition. They will stop a few days in Florida but will reach New Orleans in time for the opening of the exposition.

Paying Them Off.

INDIANAPOLIS, Dec. 8.—The payment of deputy United States marshals who served on election day has begun. It is claimed that only about 200 were appointed in the state, of whom three-fourths were on duty in this city.

Fire.

CINCINNATI, Dec. 8.—Fire last night damaged the building, machinery and stock of the Cincinnati Densitizing company, in the northwestern part of the city, about \$30,000; insurance, \$7,000.

Louder.

PITTSBURGH, Dec. 8.—The employees of the Atlas foundry were notified of a 7 1/2 per cent. reduction in wages, to take effect at once.

The Plenary Council.

BALTIMORE, December 7.—The closing session of the Plenary Council is marked by as great pomp and ceremony as on the opening day. There was a street procession from the archiepiscopal residence to the Cathedral, which was witnessed by a large crowd. The procession was headed by the seminarians of St. Sulpice, chanting psalms, followed in regular order by the regular and secular clergy, theologians, superiors, religious orders, rectors of theological seminaries, missionaries, retired abbots, bishops, archbishops and an archiepiscopal cross bearer, between two acolytes, and preceding Archbishop Gibbons, the apostle delegate, accompanied by his deacons of honor.

At the Cathedral pontifical mass was celebrated by the most Rev. Michael Carrigan, on account of the sickness of Rev. P. W. Riordan, coadjutor archbishop of San Francisco.

Bishop Spalding, of Peoria, preached the sermon, which was confined chiefly to a review of the work of the council. The questions which he discussed, he said, had a direct bearing on the social, moral, religious and intellectual welfare of the people, and of the country at large. The prelates in the decrees that had been formed have been laid the foundations of what will yet be a great American Catholic college. Marriages must be perpetuated and this union lasting as long as life lasts; with no cause of divorce but death. They have pleaded for the cause of sobriety and temperance. They stand on the side of good laws and customs and wish to make the world so that man may be truly free and grow in moral purity and intellectual strength. They have tried to stimulate the Catholic press and Catholic literature so that men may be led to take greater interest in matters affecting them, as Catholics and American citizens. They have laid down the laws for the guidance of societies co-operative with the church, and have sought to know what is for good and what for harm in the church.

The Little Rock Robbery.

LITTLE ROCK, December 7.—Little Rock has been in great excitement all day, on account of the robbery of the Arkansas Valley route passenger train on the outskirts of the city, late last night. Blood-hounds, early this morning, were put on the trail of the robbers and followed them straight into the city. Before noon Joseph Cook, J. C. Jones, John Clifford, Charles Campbell and a boy named Parker, six in all, had been arrested. Jones will probably be released. Three of those arrested have been identified as the robbers. The state has offered \$11,000 for the capture of the robbers, to which the railway company has added a like sum.

AMUSEMENTS.

"Monte Cristo."  
James O'Neill, supported by a good company, will present Charles Fechter's dramatic version of Dumas' great novel at the Masonic Temple this evening. Mr. O'Neill has earned fame in this picturesque drama and the Temple management promises the finest scenic effects

ever witnessed here. The merits of the melo-drama and the star, Mr. O'Neill, are known to the people of Fort Wayne.

HON. DANIEL DOUGHERTY.

Pennsylvania's famous orator is in the city and to-night will deliver his famous lecture on "Oratory" at the Catholic Literary hall. Mr. Dougherty has a national reputation and is one of the most brilliant men in the nation. His speech in nominating General Hancock for president at the Cincinnati convention is memorable. Hon. Montgomery Hamilton will introduce the distinguished gentleman. Father Brammer secured Mr. Dougherty to fulfill his promise to purchasers of lecture season tickets last season and the tickets then sold admit the holders to-night.

"NOBODY'S CLAIM."

Joseph J. Dowling and Miss Sadie Hasson, supported by a superb company, will present E. A. Locke's realistic melo-drama, "Nobody's Claim" at the Academy to-morrow night. The scenic and mechanical effects are brilliant and the stars of the party are popular.

NOTES.

The "Monte Cristo" party came here direct from Brooklyn where they played Saturday night. The trip cost the receipts of a night's performance, but the company is wealthy and can stand the expense.

The Spitz-Erdeman company did not leave the city Saturday night because the baggage of the party was attached for a board bill by the landlord of the Fleming house. The show made money last week at the Academy, but another claimant put the roll in his pocket. Ryal, the manager, telegraphed from Columbus, Ohio, to members of his party: "No paper; no date; no money; no company; no good." The stranded show people will be given a benefit at the Academy Wednesday evening and Manager Woodworth has kindly given them the house free. Afterward the party will disband.

THE COURT HOUSE.

The grand jury will not meet this month.

The commissioners were not in session until this afternoon.

Judge Woods of the United States court will arrive in the city to-night.

A marriage license has been granted to Louis D. Braun and Anna E. Waldschmidt.

The Ellison case was called up by Judge Foster after dinner and Judge Morris opened the argument to the jury.

The second trial of Billy Boyle began this afternoon before Judge O'Rourke. The selection of a jury occupied the afternoon.

The United States court will be held in the superior court room proper. The Ellison case occupies the old criminal court room.

Amanda Lazzarini, Kiel & Bioknese and John Bohnner have each paid \$100 into the school fund for the insurance to them of liquor licenses.

To-day Sheriff Nelson sold the household goods of Max Horning. The man had a little trouble with a woman and his goods were sold to satisfy her demands.

The ditch cases intended to be heard by the commissioners last Saturday were again postponed. The Edgerton ditch case will probably receive attention to-morrow.

Application has been made by Bridget Baker to be appointed executrix of the estate of Conrad Baker, deceased, and she has filed her bond in the sum of \$1,000.

United States Marshal Hayden returned yesterday from an official visit to Milford, Warsaw and other places, where he served subpoenas for attendance on the approaching term of court.

Transfers of city real estate are: Max Rosenthal to Moses Lamy, undivided lot of lot 44, Beck's first addition, \$1,000; date, December 5, 1884.

Henry W. Delune to Robert L. Honey, lot 106, Lewis' addition, \$800; date, December 5, 1884.

Anna M. Payne to John H. Payne, part of lot 8, Hanna's addition, \$140; date, November 28, 1884.

Jesse L. Williams to Edward Ney, lot 22, Hoagland & Williams addition, \$900; date, May 10, 1872.

LOCAL LINES.

Frank I. Brown left to-day for a week's shooting in Kentucky.

Mrs. E. T. Stringer, of this city, is visiting relatives in Ashland, Ohio.

Mr. and Mrs. A. Lordior gave an elegant luncheon to their friends Saturday night.

Judge S. M. Hench spent Sunday in Delphi, Ind., with his brother, Frank P. Hench.

George J. Wickliffe will remove his family from Zanesville to this city to-morrow.

This is the feast of the Immaculate Conception and is observed in the Catholic church.

George Moon, the newly elected senator from Kosciusko and Wabash counties, was in the city to-day.

The banquet given in honor of the birthday anniversary of Frank T. Waring, of Bluffton, of which mention has been made, was arranged by his wife as

a surprise. Only a few friends were present, including three or four gentlemen from this city.

Charley Walters, the attorney, is laboring in a state of hallucination of unsurpassed joy. It's a boy.

The indebtedness of the Spitz-Erdeman Dramatic company was paid by Treasurer Siebold, of the Academy.

Deputy Sheriff Clausmeyer is arresting every person he sees. It's a Grover Cleveland. Ed smiles serenely as it is the first boy.

Louis Banet, the Columbia street saloonist, who was recently fined for selling liquor without a license, prepared his wall with the necessary legal equipages Saturday.

The indications for the lower lake region as reported by the weather bureau at Washington to THE SENTINEL are as follows: Generally fair weather, westerly winds, slight changes in temperature.

Wm. Simmer, L. B. John's blacksmith foreman, has resigned his position. Mr. Simmer has purchased a large farm in Michigan and will in the future guide the destinies of the verdant wheat and Leghorn chickens.

John M. Hench, the popular bailiff of the superior court, is celebrating his birthday anniversary to-day. Mr. Hench conceals his age, to the consternation of several pretty girls who wanted to engage the figures on costly presents they desired to hand him.

The Fort Wayne Lutheran synod met last night and allowed \$700 for building the Concordia college sewer. The whole amount due on the sewer is \$3,000, but \$2,300 are paid by the Lutheran congregations in the Missouri synod outside of Fort Wayne.

Dr. T. J. Dills and Dr. Devillbiss tell us they used morphia of cocaine in delicate surgical operations last November. This was the introduction of the drug here, besides there is nothing phenomenal about its use save that it is expensive and very efficient in deadening tender parts of the human anatomy for the surgeon's knife.

The commission firm of Thorward & Dendell Saturday made an assignment in favor of Patch & Roberts, of Boston, whom they owe \$3,500. The firm had a room at No. 18, West Calhoun street and principally sold fruit on commission. No provision is made for other creditors who will seek the courts to set aside the first assignment.

Mr. S. E. Morse, formerly editor of THE SENTINEL, will represent the Chicago Times at the World's fair in New Orleans. He leaves for that city this evening accompanied by his wife, and will be there a month. In January he will go to Washington City to represent the Times at the national capital.

It will not do Mr. Zollinger's paper nor the city of Fort Wayne any good to proclaim to the miniature world in which it circulates that the wholesale trade of Fort Wayne has gone to Toledo and Chicago. Moreover it is not true. The wholesale houses of this city are to-day doing more business than ever before in the history of the city. A. C. Trentman sells more groceries than any other house in the state; George DeWald & Co. and Root & Co. do a large wholesale business in the dry goods line and so on in every department of trade. Half of the houses mentioned as having having dropped out of business are still scattering their goods over tributary territory and even penetrating the fields and competing with eastern houses. Business men of Fort Wayne must certainly feel kindly towards a sheet that willfully and deliberately attempts to cripple their business and even makes falsehood a party to accomplish that purpose.

The killing of quail and pheasants is stopped by law after December 20, and the shooting of deer and woodcock becomes a penalty after January 1. Turkeys and prairie chicken may be legally shot up to February 1.

Rev. T. P. Weaver, the colored orator, made famous as a modern Demagogue by The Sentinel, will deliver four lectures in the southern part of the state for \$25 each. Mr. Weaver should insist upon bigger money for his talks. It looks more solid.

Marshal Meyer Saturday night dispersed a crowd of vicious kids who congregated at Velt's saloon on East Wayne street. The marshal led two of the boys to their homes and warned the whole gang to not congregate at the corner to insult people and blaspheme.

Stanislava Wygralak beat his wife last night and the woman appealed to Deputy Marshal Limestone to arrest him. The officer dragged the fellow to the station house, but Mrs. Wygralak would not testify against him to-day and the couple left the court room arm in arm. They live at the corner of Leith and Lafayette streets.

Fred Stoeker, a brakeman on a freight train on the Grand Rapids and Indiana road, was thrown from a car by the breaking of a brake wheel about 2 o'clock Saturday morning, south of this city. He fell across the track, his right arm striking the rail, was broken at the wrist and also between the elbow and shoulder. He was taken to Richmond and properly cared for. He is now an inmate of St. Steven's hospital there, where he will receive good attention.

Owing to the cheapness of repairs at private shops, the Wabash is giving out most of its work. The shops at Moberly, which formerly employed 800 men, cannot find work for 600, and the time has been reduced to eight hours a day, four days a week. The skilled hands are leaving as fast as they can find employment elsewhere, and over 150 have taken up homes in Texas. One mechanic, who drew regularly \$110 on full time, received a check for \$41 for last month's work.

Col. "Bob" Ingersoll lectured on "Orthodoxy" at Lafayette Saturday night. While indulging in ridicule of orthodox religion and making a fierce assault upon christianity, the Hon. John A. Stein, a prominent citizen, arose, and addressing the speaker said: "Col. Ingersoll, I must protest against such blasphemy; I will leave." Mr. Ingersoll quickly retorted: "Well, why don't you go?" Mr. Stein quickly bowed himself out, accompanied by some other gentlemen. The warmest personal friendship has always existed between the two gentlemen.

The directors of the Pittsburg, Fort Wayne and Chicago have authorized the issue of special guarantee stock against the betterments made by the Pennsylvania company. All litigation between the two companies will be discontinued. This amicable settlement is due to the personal efforts of Hon. Jesse L. Williams, of this city, who went to Pittsburg last week to advise the settlement of the litigation. Mr. Williams and his son, Henry M. Williams, returned from the east last night. Mr. Williams is one of the heaviest stockholders in the Pittsburg road.

No one can be ill if the blood is pure. Yellow Dock and Sarsaparilla root have long been recognized as blood purifiers. Don't be humbugged by the advertisements of the many quack bitters, but occasionally use Dr. Guyot's Yellow Dock and Sarsaparilla, and you will live to a good old age free from all the distress of mind and body. Many of our best citizens who long suffered from bad blood indicated by weak kidneys, indigestion, sores, aches, etc., owe their recovery to the use of this remedy.

Don't go elsewhere for your Holiday Presents, as you can find just what you want at my store. Everything in the Jewelry line at prices that defy competition. Call and examine my stock, at 104 Calhoun street, opposite Cathedral, where I have removed from 721 Calhoun St. FRANK J. VOIRLO.

The Chinese emperor drinks very little tea.

"That tired feeling" from which you suffer so much, particularly in the morning, is entirely thrown off by Hood's Sarsaparilla.

Mr. Cross' "Life of George Eliot" will be issued in January.

If you throw a man out of a window what does he fall against? His inclination. If he gets sprained try St. Jacobs Oil. It cures.

Warren Fisher, jr., is suggested by Puck for postmaster general.

A Maine man and wife have lived for five years on one meal a day each.

Bishop Bowman gave to D. L. Southard, Greensville, Ind., who was nearly helpless with rheumatism, a bottle of Atliophoros. The effect was rapid and recovery complete.

California papers are united in their support of Mr. Sargeant for United States senator from that state.

"The truth in masquerade" is Byron's term for a lie. But it is the truth and no masquerade that Dr. Bull's cough syrup cures coughs and colds, and so prevents worse evils that may end in death. No cure so speedy.

**The Old Man Ball Players.**  
The Fort Wayne base ball club turned out several pretty good ball tusslers and some of them are climbing to the top. Joe Brown will pitch for the Chicago club next season. Milton Scott will play first base for the Detroit club. Horner will pitch for the Cleveland club. Jack Remsen will "watch it sharp" for the Brooklyn nine. He played with the Brooklyn club against the New York nine the other day, in a game to test the new style of pitching adopted for next season. The pitcher does not move his feet when throwing a ball. Kid Baldwin played with the New York nine in the game referred to. Gies, Keins, Kenzie, Suck, Warner, Toffing, Meister and Wood have not been booked yet, but will probably work into the southern league. Billy Yott is with his father in the lively stable business at Chicago.

**Baldy Run Down.**  
He was going along so slowly that his shadow seemed panted to the sidewalk. Somebody said he was lazy, but he said he was doing the best he could and his trouble was debility caused by long dyspepsia. "Then why don't you take Brown's Iron Bitters?" said a spry neighbor who was passing. "I was run down badly, but this bitters did wonders for me." Mr. Thomas Jones, Newark, Ohio, says: "I was so debilitated I could not walk. Brown's Iron Bitters cured me."

The Hedekin house office has been handsomely re-painted.

Don't make the mistake of doctoring liver and kidneys to cure consumption. If you will lay all other remedies aside and put your trust in Dr. Wister's Balsam of Wild Cherry, it will surely benefit you. Try it for coughs and colds and see what an excellent remedy it is.

M. Failleron, a French dramatic writer, will soon bring out a new play lampooning certain American residents of Paris, who have fallen under the ban of his displeasure.

**Rheumatism Quickly Cured.**  
There has never been a medicine for rheumatism introduced in Fort Wayne that has given such universal satisfaction as Dr. J. C. Cross' Rheumatic Remedy. It stands out alone as the one great remedy that actually cures this dread disease. It is taken internally and never fails and never can fail to cure the worst case in the shortest time. It has the endorsement and recommendation of many leading physicians in this state and elsewhere. It is sold by every druggist at \$1. Write for free 40 page pamphlet to R. K. Mr. H. Hatcher, of Springfield, Ohio, representing a large Columbus harness firm, is in the city.

**Catarrh Cured**

Catarrh is a very prevalent disease, with distressing and offensive symptoms. Hood's Sarsaparilla gives ready relief and speedy cure, from the fact it acts through the blood, and thus reaches every part of the system.

"I suffered with catarrh fifteen years. Took Hood's Sarsaparilla and I am not troubled any with catarrh, and my general health is much better." J. W. LILLIS, Postal Clerk Chicago & St. Louis Railroad.

"I suffered with catarrh 6 or 8 years; tried many wonderful cures, inhalers, etc., spending nearly one hundred dollars without benefit. I tried Hood's Sarsaparilla, and was greatly improved." M. A. ANDREY, Worcester, Mass.

Hood's Sarsaparilla is characterized by three peculiarities: 1st, the combination of remedial agents; 2d, the proportion; 3d, the process of securing the active medicinal qualities. The result is a medicine of unusual strength, effecting cures hitherto unknown. Send for book containing additional evidence.

"Hood's Sarsaparilla tones up my system, purifies my blood, sharpens my appetite, and keeps me in good health." J. P. THOMPSON, Register of Deeds, Lowell, Mass.

"Hood's Sarsaparilla beats all others, and is worth its weight in gold." I. BARRINGTON, 130 Bank Street, New York City.

**Advice to Mothers.**—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferers at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhea, whether arising from teething or other causes. Twenty-five cents a bottle. Specially
